

*Kids should be allowed to buy junk food because..*

*Reason 1: If junk food was banned for kids they might lose their temper. That will lead to them not healthy food. "We have to teach children how to think, not what to think." And also they won't listen to their parents. And also if they are denied about something, they want it even more.*

*Reason 2: That's taking away holiday treats for children. Most kid stockings have treats inside. Aldo for Valentine's Day and Mothers Day or Fathers Day. If they are sick they can't go buy in stores. They also can't buy for themselves. And they can't buy online like the places they shop at. And if they are the only child they can't buy. And they can't buy online because kids are too young to have a phone. And they are too young to have a car or a bank account.*

*Reason 3: It's bad for business. Children won't be able to eat their favorite food in Fast Food places. And half the food that kids eat or drink will be banned. Some foods that parents make have sugar or anything sweet that has calories. The children won't be able to eat their favorite food that their parents make.*

*That is why junk food should not be banned for children.*
