

## NOTIFICATION OF ANNUAL SCHOOL HEARING SCREENING

Dear Parent or Caregiver,

Hearing is an important part of your student's ability to learn and progress at school. In accordance with state and federal law, an annual hearing screening is conducted at your student's school to help identify hearing concerns. Hearing screening this year in the elementary schools includes preschool (if not previously screened), Kindergarten, 1st , 2nd and 3rd grades, all students receiving special education services and students who are new to the district. In middle school all 7th grade, students receiving special education services and students new to the district will be screened. If you would like your student screened and if they are not part of one of the groups mentioned, please let your student's teacher know. This year, your school's hearing screening is scheduled on: September 28th-29th, 2022.

The hearing screening is a very simple procedure and will take only a few minutes. If your student does not pass the initial screening, they will be rechecked on a later date and you will be notified if they do not pass the rescreen. If you DO NOT want your student to be screened, please send an email or signed and dated note to your student's teacher prior to the screening indicating you don't want them to be screened.

Thank you!
