

# LET'S TALK ABOUT IT: TEACHING CONVERSATION SKILLS

We will highlight the underlying principles (and often unwritten rules) of social interaction as well as specific tools you can model, teach, and practice.

These will provide a foundation for understanding the why, where & how of initiating conversation, the what & when of topic maintenance, and the who and when of turn-taking.

We'll share additional resources that you can explore to address specific needs and concerns.

Come join the conversation!

**Thursday, February 23**  
**6:30 pm - 8:00 pm**  
**Alpine School District**  
**Special Education Office**

**350 N State Street,**  
**Lindon, Utah 84042**

**Register to attend in person**
